

More on Michigan

In response to the inquiry in the March Bulletin on the Perfin which appeared to be a State of Michigan pattern (as confirmed by Dot Savage in the May Bulletin), the following information has been received from Bernard Ross (#1215) of Canton, Mich.:

"I can confirm (the Perfin as a State of Michigan Perfin) as I have an accumulation of Michigan Perfins which were removed from State mail delivered to my office.

"I have three varieties as follows:

1. This is a block M in a circle of 18 holes. I have found this on Scott's 806, 810, 813, 1008, 1035, 1036, 1039, 1044, 1045, 1047, 1049, 1208, 1213, 1209, 1338, 1289, 1286A, 1290 and 1284.

2. This is a block M in a circle of 9 holes as illustrated in the Bulletin. I have found this on 1280, 1287, 1398, 1289, 1394, 1509, 1500 and the Bicentennial Eagle.

MICHIGAN (CONTINUED) _____

3. This is a block M in a circle of 9 holes. I have this on 1042A, and 1208.

"Note the difference in the block M's. I hope this information will be of interest to those holding Michigan Perfins. However, none of my stamps are EFO's."
